## SUMMARY

- Detail-oriented engineering student with strong analytical skills and a passion for continuous learning.
- Completed training at **LТИMindtree, Chennai** in **Production Support**, focused on **LLM integration** and **Data Science tools**.
- Eager to contribute to innovative projects that challenge potential and drive impactful results.

## EXPERIENCE

### LТИMINDTREE - GET( L1 Technical Support Engineer)

Sep 2025 - Present

- Provided first-level support for application and access issues, ensuring timely ticket resolution in ServiceNow.
- Used **SQL** to analyze data errors and logs, and **Shell scripting** for basic automation and log extraction.
- Performed initial diagnosis, remote troubleshooting, and escalated complex issues with clear technical details.

### AI Models

- Innovative integration of **Gemini-pro/Gemini-pro-vision** to utilize Google's Gemini model through their **API key**, which enables the development of an **ATS scanner**, **food calories counter**, and **multiple invoice extractor**.

## RESEARCH PAPER

### KarmaBot: An AI-Powered Chatbot for Mental Well-being Inspired by the Bhagavad Gita

- Spiritual-AI synergy for mental wellness using **LLMs** and Bhagavad Gita teachings, published in **IJSRD**, delivered via an intuitive **Streamlit** interface.
- Cloud-native deployment of an emotionally intelligent chatbot using **Groq API** and **Render**, offering scalable, ethical support—as featured in IJSRD.

## KEY COMPETENCIES

- |                               |                          |                   |
|-------------------------------|--------------------------|-------------------|
| • Python                      | • Unix & Shell Scripting | • My SQL          |
| • Machine Learning            | • Autosys                | • Microsoft Tools |
| • Natural Language Processing | • Oracle SQL             | • AWS             |
| • Big Data                    | • ITIL                   | • Microsoft Azure |
| • Git / Git-Hub               | • Power BI               | • NER Annotator   |

## EDUCATION

- D.Y.Patil College Of Engineering , Akurdi (2025)**
  - B.E. Mechanical with Hons. Data Science (CGPA:-8.21)
- Prerna Junior College , Nigdi (2021)**
  - HSC (82.50%)

## CERTIFICATIONS

- Data Science Masters Certification**
  - PWSkills Data Science Program
- BUSINESS ANALYTICS FOUNDATIONS**
  - PWSkills Business Analytics Foundations Program
- Deep Learning Foundations**
  - iNeuron Deep Learning Program

## EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

- Rotaract DYPCEO 2023**
  - Sergeant-at-Arms
  - Organization of Y20 Summit (4-Aug-2023)
- NSS DYPCEO**
  - Volunteer (2023-24)
- Secured 2nd Prize in Quiz Competition at Sambhav 2023
- Ranked 755th nationwide in a coding competition organized by PW, demonstrating strong problem-solving and coding skills on a competitive scale
